

SILENT COMPUTERS FOR THE INDUSTRY

FECT
The Power of Silence

e-FECT Operator Station is a computer developed with the challenging environment of a control room in mind. Designed and Produced in Sweden.

e-FECT is completely silent as it has no moving parts such as fans or spinning hard drives. Thanks to this the life expectancy is long. All components have been sourced to meet the requirements of an industrial environment.

e-FECT is available in two models, a two screen solution and a four screen solution.

e-FECT is certified by ABB for use in their 800xA platform.

e-FECT is CE approved and is delivered with a two year warranty.

e-Fect Operator Station

Processors	Intel I5 or I7 (Generation 8 & 9)
Chipset	Intel 370
Memory STD/MAX	DDR4 8GB/16GB
Storage	120GB 2.5" SATA SSD
